Invitation to an Excursion to Stuttgart on Friday, 21st October 2016

Dear Students and Senior Consultants,

we warmly invite ASSIST Students and Senior Consultants to join an excursion to Stuttgart. First we will visit the Television-Tower of Stuttgart. It is the very first television tower of the world and was already inaugurated in 1956. It was imitated and refined meanwhile in many countries from Frankfurt to Johannesburg and Wuhan.

We continue with an English guided visit of the "House of parliament of Baden-Württemberg" in Stuttgart. You come to know how the deputies and the government in our federal country are working. The new parliament just started to work a few months ago after the last election in March 2016.

After a break we will have another guided tour in English in the "Staatsgalerie", one of the most visited museums of modern and old paintings and sculptures in Germany. The focus of our tour is on modern art works.
