## ***Invitation to ASSIST Students and Senior Consultants***

**Saturday, November 18<sup>th</sup>, 2017**    **Excursion to the city of [Ravensburg](#) visiting the famous medieval old town and followed by a visit of the [Dornier Museum](#)**

In two weeks the ASSIST team will perform an excursion to the romantic old town of Ravensburg. Ravensburg. "The city of towers and gates" is situated between Lake Constance and Allgaeu in a scenic landscape with a view of the Alps. In the past, the city was a major, medieval commercial centre. Today, with its 50,000 residents, it is the lively, economic hub of Upper Swabia and an attractive holiday destination.

### **Ravensburg today**

Rising high above the roofs of Ravensburg, the Blaserturm marks the town's centre. From the top of the tower, visitors can enjoy breathtaking views of the surrounding countryside as far as Lake Constance and the Alps or look down on the brightly coloured roofs of the old town below. Down on the town's main square Marienplatz, the narrow streets and alleys round about teem with life. People stroll through the traffic-free square or relax in one of the many street cafés; young and old meet for a chat at the fountains. It is a colourful pageant in which people lingering at leisure mingle with the hustle and bustle of everyday life. In the warm months of the year, Ravensburg exudes a Mediterranean flair.
